TAŞYAPI Sisli

digital systems, smart living.

Lighting, climate control, curtain, and security systems are integrated into a single platform, making daily life effortless.

Access and automation solutions through a mobile app provide maximum comfort and security at every moment of life.

Technology adapts every detail to personal preferences, offering unparalleled comfort in your living space.

premium materials, refined craft.

Natural stone, bespoke ceramics, and wood finishes offer a sense of quality in every detail through premium surface materials.

Fine craftsmanship, harmonious color and texture combinations highlight design integrity and elegance.

Durable, easy-to-maintain, and aesthetically flawless materials bring lasting value to your living spaces.

shelter & parking areas.

A total of 3,574 indoor parking spaces provide uninterrupted access and parking comfort for residents.

Shelter areas, covering 8,832.89 m^2, are designed in accordance with regulations and security standards.

Infrastructure planning prioritizes safety, accessibility, and everyday living comfort as a unified whole.
